Workday

Product Design Intern Pleasanton, CA I designed UI flows and internal guidelines for a navigational pattern for Workday's app suite. I also initated a communication strategy to align and unify design system partnerships across Workday's apps designers, product managers, and developers.

Aug '18 -May '20 CMU School of Design Teaching Assistant Pittsburgh, CA I advised students in Freshmen Studio, Junior Communications Design Studio, and Communications Design for Non-Majors. I provided constructive and nurturing feedback to students and assisted in their setting of personal and professional goals.

Workshops:

Intro to AfterEffects + Illustrator; Working w. Design Systems; Emotional Impacts of Paper and Physical Materials

Jan '18 -July '18 Woodland Hills District Visual Designer Pittsburgh, PA I and a multidiscplinary team envisioned design innovations to school transporation. We designed a modular game experience where I led efforts on its visual language, brand identity, and component organization across mobile and print.
