Work Experience

May '19 – Aug '19

Workday
Product Design Intern
Pleasanton, CA

I designed UI flows and internal guidelines for a navigational pattern for Workday's app suite. I also initated a communication strategy to align and unify design system partnerships across Workday's apps designers, product managers, and developers.

Aug '18 – May '20

CMU School of Design
Teaching Assistant
Pittsburgh, CA

I advised students in Freshmen Studio, Junior Communications Design Studio, and Communications Design for Non-Majors. I provided constructive and nurturing feedback to students and assisted in their setting of personal and professional goals.

Workshops:
Intro to AfterEffects + Illustrator; Working w. Design Systems; Emotional Impacts of Paper and Physical Materials

Jan '18 – July '18

Woodland Hills District
Visual Designer
Pittsburgh, PA

I and a multidisciplinary team envisioned design innovations to school transporation. We designed a modular game experience where I led efforts on its visual language, brand identity, and component organization across mobile and print.
